Please find below and/or attached an Office communication concerning this application or proceeding.

The time period for reply, if any, is set in the attached communication.

Requirement for Information

1. Applicant and the assignee of this application are required under 37 CFR 1.105 to provide the following information that the examiner has determined is reasonably necessary to the examination of this application.

2. In response to this requirement, please provide answers to each of the following interrogatories eliciting factual information:

Applicant has incorporated substantial amendments since the mailing of the last Office Action and the Examiner respectfully requests that the Applicant specifically point out where certain features are supported in the disclosure. In general, the Examiner has had some difficulty mapping the claimed limitations to the written disclosure and identifying the explicit parts of Specification that correlate with the following features:

- Applicant is respectfully requested to point out where in the specification the limitation directed towards “a computing device” (claim 1) is supported. The Examiner has not been able to find mention of a computer or computing device in the disclosure.
- Applicant is further requested to point out where in the specification any disclosure of the physical structure(s) and component(s) utilized to implement the claimed method steps, such as establishing and posting to the claimed networks, can be found.
- Applicant is also requested to point out where support for the limitation directed towards iterating over the n th and $(n+1)$ th level Trust Members can be found in the Specification.

Art Unit: 3623

3. The fee and certification requirements of 37 CFR 1.97 are waived for those documents submitted in reply to this requirement. This waiver extends only to those documents within the scope of this requirement under 37 CFR 1.105 that are included in the applicant's first complete communication responding to this requirement. Any supplemental replies subsequent to the first communication responding to this requirement and any information disclosures beyond the scope of this requirement under 37 CFR 1.105 are subject to the fee and certification requirements of 37 CFR 1.97.

4. The applicant is reminded that the reply to this requirement must be made with candor and good faith under 37 CFR 1.56. Where the applicant does not have or cannot readily obtain an item of required information, a statement that the item is unknown or cannot be readily obtained may be accepted as a complete reply to the requirement for that item.

5. This requirement is subject to the provisions of 37 CFR 1.134, 1.135 and 1.136 and has a shortened statutory period of 2 months. EXTENSIONS OF THIS TIME PERIOD MAY BE GRANTED UNDER 37 CFR 1.136(a).
